Beer brings us together in times of celebration, comforts us in times of sorrow, aids in the making of memories and friendship, and at times, leads us to question, “What’s next?” We forged Lincoln & South with these reasons in mind, and for all of the reasons yet to come. We are passionate about creating beer that inspires what is possible, and we are happy to share it with you. Enjoy. We are a Vermont-inspired brewery rooted in the Hilton Head Island community, and our team of local craft beer enthusiasts stays engaged in producing the best beer possible. We take great pride in creating a comfortable culture for all within the brewery.
