NiteLites delivers high-quality, professional outdoor lighting design, installation, service, and maintenance. Working on both residential and commercial outdoor lighting projects, NiteLites can professionally illuminate nearly any space. Superior products matched with cutting-edge LED technology, create breathtaking effects and lasting outdoor lighting systems. The expandable proprietary line of commercial-grade fixtures and high lumen LEDs provide an inviting application of light on any project. The fixtures are warrantied for life. Made of solid brass and copper, the fixtures patina and become only more beautiful with age. NiteLites
