(843) 715-2908

The Green Thumb has been providing excellent customer service to our clients since 2009. Our reputation as one of the premiere professional landscaping companies in the low country is well known. Whether you need help with container combinations to brighten up your landscape, or are ready for a complete landscape renovation The Green Thumb is here to help. Our knowledgeable staff is always willing to assist with any questions you may have from design ideas, to insect and disease solutions. Please stop by today to see what new and interesting plants have shown up at the garden center recently as we aim to have a unique and interesting selection for you to choose from.
